

"So The People May Know"

The Merchants Who Are Already Conserving Delivery Costs for Their Patrons

The Government has called upon the Merchants of the country to economize in their deliveries and save, through this economy, Man-power, Machines, Gasoline, Rubber, Etc., all of which are vital necessities in the prosecution of the war.

The Joint Committee of Consumers has asked us to make this saving through their co-operation in the carrying of packages, and request that they be allowed a discount equivalent to the saving in the cost of delivery.

The Merchants herein represented wish to call attention to the fact that they are now complying with the request of the Government by co-operating in their delivery through a Clearing-house system known as "THE ASSOCIATED MERCHANTS' DELIVERY," AND ARE SAVING THROUGH THIS METHOD THE SERVICES OF OVER THREE HUNDRED MEN, ONE HUNDRED AND FIFTY AUTOMOBILES, THOUSANDS OF GALLONS OF GASOLINE AND THOUSANDS OF POUNDS OF TIRES, AS WELL AS THOUSANDS OF DOLLARS IN PARTS, MECHANICAL LABOR AND GARAGE RENTALS.

We are also complying with the request of the Joint Committee of Consumers as they are now receiving the full benefit of our saving in the cost of delivery through the prices quoted on merchandise which we handle and they also have the advantage of a satisfactory delivery service.

We are able to maintain our delivery service at a cost of approximately one-half of one per cent as against private delivery services costing the consumer from two to four per cent on total sales, as estimated by the Council of National Defense.

We are doing a patriotic duty and at the same time giving our patrons the advantage of the saving effected, and if we were to go even further and give them the actual cost of delivery as a rebate the amount saved would be too negligible to estimate.

The Following Letter Expresses Appreciation of Our Efforts---

Gentlemen:

We have read in the August 15 issue of The Washington Herald the announcement of merchants who are co-operating in their delivery, thereby complying with the request of the government for economy in the delivery system. We are glad to note the commendable effort being made by this group of merchants and the statement that these firms are now giving to the consumer the benefit of the saving in the lower prices which they charge, which is in line with our committee's request, as presented to the merchants recently through the District Council of National Defense.

We shall be glad to call this announcement to the attention of the organizations represented in our committee.

Very truly yours,

For the Joint Committee of Consumers.

(Signed) JENNIE BRADLEY ROESSING.
